

I support media diversity

The FCC plan to allow further consolidation of our airwaves, print and other media does us all a great disservice as our country becomes only more diversified. We are strongly opposed to your planned action to allow this consolidation in the media.

The general public needs to have your protection and support instead of the few who wish to control the media and limit our coverage to only a few opinions.

With the serious impact these rule changes will have on our democracy, it is incumbent on the Commission to take the time to review these issues more thoroughly and allow the American people to have a meaningful say in the process.

Thank you,
Nancy & Herve Vanclef
